## Preserve your i3070 investment with our suite of Keysight i3070 Upgrade Support Agreements

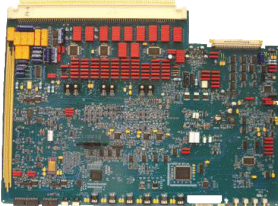

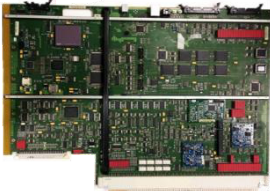

### Did you know?

Legacy cards and application software can take a toll on your total cost of ownership of the i3070. Not only that, relying on older cards and software also means slower production throughput which isn't a good thing when you need to make sure you constantly outperform your competition.

With Keysight i3070 Upgrade Support Agreements, you can:

1. Preserve your i3070 application and fixture investments.
2. Enhance the test capability of your i3070 with new features of the latest i3070 hardware and software.
3. Extend the support life of your current i3070 testers with lower cost of support.
4. Start today without any up-front capital budget. Upgrade payments are payable over one year.

**Keysight i3070 Upgrade Support Agreements preserve your investment in the i3070 testers while ensuring low ongoing support cost:**

 <p><b>Measurement Card (ASRU N)</b></p> <ul style="list-style-type: none"><li>- 20% faster Analog Test</li><li>- Safer digital test with Power Monitor Circuit</li><li>- Up to 10 A DUT current</li><li>- 5 V &amp; 12 V source for fixture electronics</li></ul>	 <p><b>iSystem Card (iCAP)</b></p> <p>8%-20% faster in:</p> <ul style="list-style-type: none"><li>- Pre-shorts</li><li>- Polarity</li><li>- Boundary Scan</li><li>- Digital Test Analog (powered)</li></ul>	 <p><b>Control Card (XTPA)</b></p> <ul style="list-style-type: none"><li>- Better noise protection</li><li>- Advance managed switch with CAT 6 cables</li></ul>	 <p><b>3-in-1 PC Controller Upgrade</b></p> <ul style="list-style-type: none"><li>- Latest controller (RP5800)</li><li>- Latest i3070 software (09.00p and later)</li><li>- 1-year SUS</li></ul>
---	--	---	---

To qualify for the i3070 Upgrade Support Agreement, customers must have a Keysight i3070 serialized support agreement, and return the used cards to Keysight after the upgrade is complete.

Program migration service is not included and should be considered prior to any mass production upgrade exercise. Additional consultation and application engineering services may be required.

Please contact your Keysight account manager for more information on the upgrade packages for your i3070 test systems:
