

Keysight Calibration Services

Calibration compliance for IATF 16949:2016

Keysight can help you comply with various quality standards, such as IATF 16949:2016. Keysight maintains certification to ISO 9001:2015 and Keysight Services laboratories maintain accreditations to ISO/IEC 17025:2005. Keysight maintains certification to regional standards such as ANSI/NCSL Z540.1-1994 and Z540.3-2006 at several key locations.

To comply to IATF 16949:2016, section 7.1.5.3 requires all external calibration laboratories, such as Keysight's, to be accredited to ISO/IEC 17025 and provide calibration certificates with a national accreditation mark. All Keysight commercial calibration laboratories are accredited to ISO/IEC 17025 and can provide calibration certifications with a ILAC-MRA accreditation mark. Find the details of our ISO/IEC 17025 accreditations at: www.keysight.com/find/accreditation.

Learn more about Keysight Laboratory Accreditation and Accreditation Body Symbols on Calibration Certificates at:

<http://literature.cdn.keysight.com/litweb/pdf/5991-0005EN.pdf>.

Keysight offers calibrations with an accreditation body mark on a growing set of products, both Keysight and non-Keysight. Note: All accreditation bodies used by Keysight Technologies belong to the ILAC Mutual Recognition Arrangement, and accreditation marks include the ILAC-MRA symbol.

Accreditations:

- IATF 16949:2016
- ISO 9001:2015
- ISO/IEC 17025: 2005
- ANSI/NCSL Z540.1-1994
- Z540.3-2006

KEYSIGHT SERVICES

Accelerate Technology Adoption. Lower costs.
