

Calibration Services for Automotive Industry

Calibration Compliance for IATF 16949:2016

Keysight Technologies can help you comply with various quality standards, such as IATF 16949:2016 for the automotive industry. Section 7.1.5.3 of IATF 16949 requires all external calibration laboratories to be accredited to ISO/IEC 17025:2005, and to provide calibration certificates with a national accreditation mark.

All Keysight service centers accredited to ISO/IEC 17025

All Keysight service centers are accredited to ISO/IEC 17025, and can provide calibration certificates with an ILAC-MRA accreditation mark. (All accreditation bodies used by Keysight belong to the ILAC Mutual Recognition Arrangement, and accreditation marks include the ILAC-MRA symbol.) Keysight is also certified to ISO 9001:2015 and accredited to regional standards such as ANSI/NCSL Z540.1-1994 and Z540.3-2006.

Keysight Certifications and Accreditations

- ISO 9001:2015
- ISO/IEC 17025:2017
- ANSI/NCSL Z540.1-1994
- ANSI/NCSL Z540.3-2006

You can rely on Keysight for all your calibration needs

Calibrations with an accreditation body mark are now offered on a growing set of products, both Keysight and non-Keysight, and are performed via Keysight's global network of service centers and on-site calibration teams.
