

Ultimate Bundle Software Package

for InfiniiVision X-Series oscilloscopes

The Ultimate Bundle Software Package bundles all the serial bus protocol trigger & decode capabilities, as well as all the advanced measurement capabilities of the individual licensed industry/application software packages (Auto, Power, Aero, USB, and Embedded). In addition, this package enables the NFC trigger and automated NFC test software.

Introduction

Table 1 lists the specific measurement capabilities that are enabled on each series with the Ultimate Bundle Software Package.

NFC Trigger and Automated Test ²	N/A			✓	✓		✓	✓	

1. USB hi-speed trigger & decode available in ≥ 1-GHz bandwidth models only.

2. NFC trigger available on the P9240 and M9240 Series, but automated NFC test software not compatible with these Series.

Related Literature

To learn more about specific measurement capabilities that are part of the Ultimate Package, refer the appropriate industry/application package data sheets that support those particular measurements of interest (refer to Table 1). For example, to learn more about CAN/CAN FD trigger and decode, refer to the Auto Package data sheet. To learn more about the various power analysis measurements, refer to the Power Package data sheet.

Flexible Software Licensing and KeysightCare Software Support Subscriptions

Keysight offers a variety of flexible licensing options to fit your needs and budget. Choose your license term, license type, and KeysightCare software support subscription.

License Terms

Perpetual – Perpetual licenses can be used indefinitely.

Time-based – Time-based licenses can be used through the term of the license only (6, 12, 24, or 36 months).

License Types

Node-locked – License can be used on one specified instrument.

Transportable (M9240 Series only) – License can be used on one instrument/computer at a time but may be transferred to another using Keysight Software Manager (internet connection required).

KeysightCare Software Support Subscriptions

Perpetual licenses are sold with a 12 (default), 24, 36, or 60-month software support subscription. Support subscriptions can be renewed for a fee after that.

Time-based licenses include a software support subscription through the term of the license.

KeysightCare Software Support Subscription provides peace of mind amid evolving technologies.

- Ensure your software is always current with the latest enhancements and measurement standards.
- Gain additional insight into your problems with live access to our team of technical experts.
- Stay on schedule with fast turnaround times and priority escalations when you need support.

Selecting your license:

- Step 1.** Choose your Ultimate Software Package from Table 3 (Ex: D3000BDLA).
- Step 2.** Choose your license term: perpetual or time-based.
- Step 3.** Choose your license type: node-locked or transportable (available for the M9240 Modular Series oscilloscopes only).
- Step 4.** Depending on the license term, choose your support subscription duration.

Examples:

If you selected:	Your quote will look like:	
	Part Number	Description
D3000BDLA node-locked perpetual license with a 12-month support subscription	D3000BDLA	Software Bundle for 3000 X-Series
	R-B5J-001-A	Node-locked perpetual license
	R-B6J-001-L	12-month software support subscription
	Part Number	Description
M9240BDLB transportable time-based 6-month license	M9240BDLB	Software Bundle for M924xA oscilloscopes
	R-B4N-004-F	6-month time-based, transportable license with software support subscription
